

FEMALE STROKE SURVIVORS NEEDED FOR RESEARCH STUDY

You may be eligible to participate if you:

- Are, or care for, a female stroke survivor (18+ years).
- Live in Australia.

We need your voice!

We want to hear lived experiences of stroke survivors and caregivers on diet and mental wellbeing. You can help make a difference.

The study involves:

- Completing an online survey (~15-30 minutes).
- Participating in a focus group meeting (~1-2 hours).

Participants will receive a \$30 gift card to reimburse costs of taking part.

For more information and to express your interest in participating, please email the study coordinator at womenshealth@ecu.edu.au

This research project has received the approval of ECU's Human Research Ethics Committee (approval number is 2023-04846-RADAVELLIBAGATINI), and has been supported by the Women's Health Research, Translation and Impact Network, funded by the Australian Government Medical Research Future Fund (MRFF).
