

Edith Cowan University 2024 NHIRI Sports Medicine Series

Harnessing brainpower and biomechanics to optimise athlete outcomes
after serious knee injury

Presenters: Dr Daniel Kadlec and Dr Myles Murphy

Session overview: This masterclass will provide delegates the most up to date evidence on biomechanical and neurophysiological impairments present following serious knee injury. Delegates will learn how to address both biomechanical and neurophysiological impairments using novel approaches to exercise rehabilitation. The structure of this masterclass will include a combination of lectures, workshops and a final Q+A.

Venue: 491 Wellington Street, Perth CBD: Edith Cowan University City Offices (follow signage on arrival)

Date: Saturday 30th of November

Time: 8.30am-12.30pm (8:15am arrival)

Format: Lecture and Practical Workshops (including morning tea).

Cost: \$75 (please note all proceeds will go towards supporting research activities).

Linkage to registration and payment: [Click here to register and pay or scan the QR code](#)
